Opis produktu

In 2016, Pete Helmkamp released his debut solo project, ABHOMINE's *Larvae Offal Swine*. Philosophically, *Larvae Offal Swine* is a composition of social, artistic, and existential modes which reflect our reality. Musically, ABHOMINE creates a heaving, grinding mass (hypnosis) of gnarliness and abject sonic cruelty: the intrepid and enlightened listener plunges willfully into its mental wreckage and violence. Helmkamp is known as an underground legend for his bands Order From Chaos, Angelcorpse, Revenge, Kerasphorus, Terror Organ, and Feldgrau.

In 2020, Pete Helmkamp will release his second ABHOMINE album titled *Proselyte Parasite Plague*, in affiliation with Cazz Grant, known for his bands Crucifier and Grand Belial's Key. Together, they conjure a scathing, frightening oracle that transcends today's musical standards. At the forefront is Helmkamp's unmistakable iron/fire throat, furious hypnagogic guitar, and brute bass attack. Grant delivers a shrieking black murk on vocals and indomitable drums. ABHOMINE's *Proselyte Parasite Plague* is a rearrangement of the paradox which grips the subconscious. Helmkamp's second creation unshackles the traditional norms of black and death metal with shapeshifting riffs ushered in by ruthless drumming.

For the last three decades, Helmkamp and Grant have been pioneers in the black/death underground genre. They have remained firm in their convictions and declarations. With ABHOMINE's *Proselyte Parasite Plague*, listeners will bear witness to Helmkamp's ominous prophetic foreshadowing while rejoicing in the trenches as the shells fall.
