Opis produktu

New, big album of Above Aurora. Trance Black Metal rooted in the tradition shaped by Burzum, Funeral Mist, Mgła and Watain. Six new compositions offering a hypnotic journey through various dimensions of pessimism. Trance, economy in means of expression and unfathomable coolness - these are the distinguishing features of the current style of Above Aurora. "The Shrine of Deterioration" was recorded on Left Hand Sounds, mixed and mastered in Satanic Audio by Haldor Grunberg. Cover and artwork by Kontamination Design. Issue in a standard plastic box with an 8-page booklet.
