Producent	Dark Horizon Records

Opis produktu

Jewel case CD version with two bonus tracks from BLACK WITCHERY!

DARK HORIZON RECORDS re-issue the cult split album "Hellstorm of Evil Vengeance" which was our 4th release on the label and originally pressed in 1999. This album features the first and second official releases for BLACK WITCHERY, and the first official release for CONQUEROR.

Florida's BLACK WITCHERY let loose 7 arrows of Harsh Unholy Barbaric War Metal, including a cover of "DEMONIAC" in tribute to the mighty Canadian Ross Bay Cult BLASPHEMY. This is the bands most harsh, ugly, and evil material ever released and to many the best work produced by BLACK WITCHERY. Included on this version are the "Summoning Of Infernal Legions" 7" EP tracks from 1998!

The legendary "Anti-Christ Superiority" demo by Canada's Ross Bay Cult CONQUEROR completes this timeless allegiance. CONQUEROR delivers non-stop pure musical chaos in the form of aural artillery shells! No pretty melodies! This Is Total Fucking War!
