## Opis produktu

The third full length of Poland based band DIRA MORTIS brings forth seven intense, massive and crushing death metal songs influenced by bands like INCANTATION, IMMOLATION and AUTOPSY. "Ancient Breath Of Forgotten Misanthropy" was recorded, mixed and mastered in Roslyn Studios with producer Krzysztof Godycki (Kult Mogił, Morda Stigmata, Stillborn, Ulcer).

"They bring to bear spine-shaking heaviness, ravaging ferocity, monstrous vocal expulsions, turn-on-a-dime tempo dynamism, and a rich panoply of riveting guitar solos that traverse a wide range of moods with compelling effect." - **NO CLEAN SINGING**

"This album is a perfect example of how Death Metal is to be played and presented. Solid, in your face, no frills, no fillers!" - **VOICES FROM THE DARKSIDE**

"You can tell a ton of thought and care was put into the structure of this album, especially when the three major focuses are black, death and doom. How do you keep that sounding so interesting for 40-odd minutes? Dira Mortis have managed it. What a Christmas present it is." - **GBHBL.com**
