Opis produktu

A gleam of deranged darkened sound returns to your ears from the pure nineties underground. This CD features two forgotten recordings by the cult Austrian horde Golden Dawn. It features the elusive "Lullaby" demo and the extremely rare "Way of the Sorcerer" demo. Golden Dawn is a melodic, complex and atmospheric black metal band that was active during the golden years of the black metal underground (1992-1996). This reissue of Golden Dawn's early demo resurrects some of the band's best material.
