Opis produktu

European edition of the awesome 3rd album "Deathless And Fleshless", mastered by the legendary Dan Swano at the Unisound Studio (Sweden). This edition includes a reissue layout and his latest EP "Demonical Euphony" as an exclusive bonus, previously unreleased on pro-CD. A truly masterpiece made of 14 tracks of heavy, dark and devastating old-school Death Metal influenced by the Swedish gods of early 90s. If you're a fucking maniac of the old Grave, Unleashed, Dismember, Entombed and Carnage, this death-ritual is for you... An album that goes beyond all influences and is way over them!
