Opis produktu

Pushing the boundaries of the cold Black Metal sound heard on previous releases, "**Unterm Gipfelthron**" presents a new level of depth and evolution for the band. Furious black Metal riffs, screams, and blast beats collide with victorious melodies, mystic folk instrumentation, eerie synths, and otherworldly chanting to evoke forgotten times and alpine landscapes. Elements of magical dark ambient and dungeon synth bisect these pagan battle hymns, moments of calm that both precede and follow the storms to come.
