Opis produktu

Californian Death Metal sickheads RUDE are back with the second album named „Remnants...”. Nobody less than the mighty artist Dan Seagrave is responsible for the amazing coverartwork. Well known mostly from the early '90s artwork-masterpieces of Entombed, Morbid Angel, Malevolent Creation, Suffocation, Dismember and tons more...he's still one of the greatest artists worldwide.

On „Remnants...” the band present 9 brandnew filthy and authentic classic Death Metal songs still in the vein of Pestilence, Morbid Angel or Nocturnus. No drum-trigger, no bombast, no bullshit...just DEATH METAL to the bone.
