Producent	Tour de Garde

Opis produktu

"Ildsvanger" is the first full length offering of the Copenhagen based black metal project Slægt, and it's also unarguably their strongest and most mature release to date. Performed and recorded by protagonist Oskar J. Frederiksen with drums by Adam Kjær Nielsen. "Ildsvanger" follows the same path as laid out on their earlier releases but the ten tracks that shape this album takes us much further into the darkness. With Ildsvanger, Slægt manages to deliver some of the hardest hitting anthemic black metal magic that has come out of Denmark in a long time! Bonus tracks include the demo and split with White Medal.
