Opis produktu

In the spirit of the old days, Tour de Garde is proud to present the debut album of Verval under its coat of arms. Verval is a Dutch atmospheric black metal project by W. Damiaen (Laster, Willoos, White Oak, etc) and R. Schmidt (White Oak, Apotelesma and Iron Harvest) and is a step away from what you would usually expect from Tour de Garde. Inspired by the glorious days of Misanthropy Records (Burzum, Ved Buens Ende, In the Woods...), Tour de Garde brings you Verval's "Wederkeer" which consists of three long, epic and profound compositions of gloomy atmospheres and immersive vibes. This digipak compact disc is presented on uncoated stock featuring an incredible painting by Jeff Grimal and also includes a four page booklet with all lyrics.
