Opis produktu

This precious release sounds like the noble echo of a time gone by. Indeed, "Carpathia Symphonia" is a sublime celebration of the golden age of Norwegian Black Metal. Remember, this legendary and inspired combination of majestic atmospheres, unforgettable and timeless melodies, the whole thing magically wrapped in this so specific and unique feeling... incredibly pure.

Containing three songs, this short and precious release is composed of an exclusive new song, "Mother Tongue Of Heresy", along with a totally re-arranged and re-recorded version of the old ambient/acoustic composition, "Arges - Raul Doamnei", and the classic WALLACHIA hymn "Fullmoon Above Fagaras" (this time with English lyrics).

Like a sublime celebration of the golden age of Norwegian Black Metal, "Carpathia Symphonia" presents WALLACHIA in its purest form: symphonic, raw and pagan.

CD1 contains the "Carpathia Symphonia" EP as well as a remastered bonus version of the debut album, "From Behind The Light". CD2 contains the "Ceremony Of Ascension" album as bonus.
